

**SUMMARY REPORT of the
OPTN/UNOS LIVING DONOR COMMITTEE
August 14, 2012
LiveMeeting**

1. As specified in the Rockville agreement, members of the OPTN/UNOS Living Donor Committee (LDC) and the Joint Society Work Group (JSWG) (for living kidney donor policies) met by LiveMeeting to review and discuss the objections submitted by the professional societies. The groups have come to consensus on most items, but remain at odds on the establishment of minimum policy requirements for living donor follow-up.

Christie Thomas, MB
