

OPTN / UNOS Transplant Coordinators Committee

Interim Report

July 26, 2011

The **Goal** of the call is orient new members to the committee.

New Business

The staff liaison provided an orientation to the committee to include the committee's strategic priorities over the next year, instructions on how to navigate in the committee's external SharePoint site and transplant coordinators listserv in yahoo groups.

Old Business

Leah Edwards reviewed slides from the previous *Tiedi Documentation Project* working group call, not only to stress the importance of this project for the committee, but also to recruit more folks into the working group.

Meetings

The next Live Meetings are scheduled for August 23rd and September 27th. Agenda items will include providing feedback on the updated high risk guidelines from the CDC; discussing inactive waitlist management practices; and voting on proposed policy modifications out for public comment.

The next face-to-face meeting is scheduled for Monday, October 17th, 2011.
