Review of Public Comment Proposals

1. Proposal to Establish a Quality Assessment and Performance Improvement Requirement for Transplant Hospitals and Organ Procurement Organizations (Membership Professional Standards Committee (MPSC))

The Committee received a presentation on this proposal and had no questions or comments.

2. Clarification of Multi-Organ Policies (Policy Oversight Committee (POC))

The Committee received a presentation on this proposal and had no questions or comments.

3. Definition of Organ Transplant and Transplant Date Policy Oversight Committee (POC)

The Committee received a presentation on this proposal and had no questions or comments.

Other Significant Items

4. DonorNet® Discussion Forum Demonstration

The Committee formed an Organ Offer Work Group to discuss the challenges faced when using DonorNet® to make organ offers. A presentation on the DonorNet® discussion forum that is being developed by UNOS staff was provided. It outlined the vision for the discussion forum and included information on how it will function, what will be done with the information received, and demonstrated the platform that is being considered. The Work Group will continue to work with UNOS staff to provide feedback on the discussion forum as it is being developed.
