

**OPTN Living Donor Committee
VCA Workgroup
Meeting Summary
April 8, 2020
Conference Call**

Stevan Gonzalez, MD, Chair

Introduction

The Living Donor Committee VCA Workgroup met via Citrix GoToMeeting teleconference on 04/08/2020 to discuss the following agenda items:

1. Summary of Last Meeting
2. Policy 14 Drafting

The following is a summary of the Workgroup's discussions.

1. Summary of Last Meeting

The Chair reviewed the progress the Workgroup made on the previous call and followed up on some key discussion points.

Summary of Data:

Since the last call, committee leadership went through the policy and made suggested edits for the Workgroup to review. Additionally, the discussion points from the last meeting were addressed as follows:

- Include reference to body image and fetal outcomes – included in *Policy 14.3: Informed Consent*
- Include need for clinical gynecological expertise for uterine donors – included in *14.4: Medical Evaluation Requirements for Living Donors*

2. Policy 14 Drafting

The Workgroup began reviewing *Policy 14.3: Informed Consent*.

Summary of Discussion:

The Workgroup reviewed and discussed a draft table for informed consent for all VCAs. Additionally, the Workgroup discussed elements that would be specific to non-uterine VCAs and uterine-specific VCAs. Workgroup members emphasized the need to create a table that's easily understandable.

Next Steps

The Workgroup members will review the rest of the draft policy independently and submit comments and edits via email. An updated draft will be reviewed by the full Committee during their April 20 meeting. The Committee's feedback will be reviewed during the next Workgroup call on April 22.

Upcoming Meeting

- April 22 – Teleconference
